GOVERNMENT OF THE PUNJAB
PUNJAB ENFORCEMENT AND REGULATORY AUTHORITY
Lahore, Dated the 12th November, 2025

NOTIFICATION

**THE PUNJAB ENFORCEMENT AND REGULATORY AUTHORITY (APPOINTMENT AND
CONDITIONS OF SERVICE FOR CONTRACTUAL EMPLOYEES) (AMENDED)
REGULATIONS, 2025**

No.DG(PERA)1-1/2025(SRs/Contract):- In exercise of the powers conferred under Section 79 read with Section 11 of the Punjab Enforcement and Regulation Act, 2024 and Rule 3 of the Punjab Enforcement and Regulatory Authority Rules, 2024, the Authority is pleased to make the following amended Regulations:

1. Short title and Commencement. - (1) These Regulations may be cited as the Punjab Enforcement and Regulatory Authority (Appointment and Conditions of Service for Contractual Employees) (Amended) Regulations, 2025.

(2) These Regulations shall come into force at once.

2. Definitions. - (1) In these Regulations, unless the context otherwise requires, the following expressions shall have the meanings hereby respectively assigned to them, that is to say:

- (a) "Act" means the Punjab Enforcement and Regulation Act 2024 (Act XI of 2024);
- (b) "Administrative Department" means the administrative department of the Authority as reflected in the Punjab Government Rules of Business, 2011;
- (c) "Appointing Authority" means the authority as mentioned in Schedule-II;
- (d) "Committee" means any Committee constituted by the Director General for carrying out purposes of these Regulations;
- (e) "Contingent Paid Staff" means a person who is temporarily hired, in accordance with the provisions of the relevant policy of the Government, for performance of temporary duties, on latest minimum wage rate notified by Government of the Punjab;
- (f) "Contractual Employee" means a person recruited by the Authority on contractual basis under Section 11 of the Act as per the terms of reference of service provided in Schedule-II but excludes the Contingent Paid Staff and Interns;
- (g) "Director General" means the Officer appointed under Section 8 of the Act;
- (h) "Intern" means an individual engaged by the Authority to impart practical experience and skills, for a period and remuneration fixed by the Director General;
- (i) "Organizational Structure" means the organizational structure given in Schedule-I;
- (j) "Recognized University" means the University recognized as such by Higher Education Commission of Pakistan;
- (k) "Regulations" mean the Punjab Enforcement and Regulatory Authority (Appointment and Conditions of Service for Contractual Employees) (Amended) Regulations, 2025;

- (l) "Schedule" means the Schedule(s) appended to these Regulations;
 - (m) "SPPP" means Special Pay Package of PERA as detailed in Schedule-III.
 - (n) "Terms of Reference of Service" means purpose of employment, job description, area of responsibility, qualification, experience, competence, personal attributes, pay and allowances, other benefits, and appointing authority, provided in Schedule-II.
- (2) A word or expression used in these Regulations but not defined shall have the same meaning as assigned to it under the Act, rules, or other Regulations of the Authority.

3 Terms of Reference of Service for Contractual Employees: - Subject to provisions of these Regulations, nomenclature, responsibilities and pay package may be amended by the Director General for carrying out the purposes of the Act and the Regulations in consonance with the Punjab Enforcement and Regulatory Authority (Performance Appraisal) (Amended) Regulations, 2025.

4 Contractual Employment Committee: - (1) The following Committee shall function as the Contractual Employment Committee for recruitment of contractual employees, with the below mentioned functions & TORs which may be amended, from time to time, by the Director General, as per requirements:

i.	Director General, PERA	-	Chairman
ii.	ADG (Admin. & HR), PERA	-	Member
iii.	ADG / Director / Head of relevant Wing	-	Member
iv.	Deputy Director (Admin. & HR), PERA	-	Member/Secretary
v.	Any other co-opted Member(s)	s	Member

Functions / TORs:

- a. Conduct and supervise the recruitment process;
- b. Review and finalize the short-listing and selection criteria;
- c. Scrutinize received applications of the shortlisted candidates to ensure completeness and eligibility;
- d. Ensure integrity, fairness, confidentiality and impartiality of the recruitment process;
- e. Prepare a detailed hiring report / minutes including list of recommended candidates, justifications for selection, and reserves or waiting lists, if advised;
- f. The co-opted Member(s) shall be notified by the Director General for specific recruitment rounds or on a rolling basis, depending on hiring needs;
- g. Meetings of the Committees shall be convened as per requirement;
- h. Quorum shall consist of a minimum of three Members including the Chairman or his nominee;
- i. These TORs may be reviewed and amended periodically by the Director General to enhance recruitment efficacy;

(2) The Director General may hire the services of consultant(s) / expert(s) of the relevant field(s) for the purposes of selection of most suitable and competent HR, subject to observance of the Punjab Procurement Rules, 2014.

(3) The Authority, on the recommendation by the Director General, may exempt or relax any of the provision(s) of these Regulations, for the sake of effective administration.

(4) The Director General may transfer or post any contractual employee of the Authority, from one location to another, subject to the condition that such employee is placed in a position of similar nature, status, and responsibilities.

(5) All contractual employments of the Authority governed under these Regulations shall also be subject to all other notified Regulations of the Authority including but not limited to service, efficiency and discipline, performance appraisal and welfare regulations, with all due exceptions and exemptions.

5 Duration and Extension of Contract: - (1) Upon recommendations of the Contractual Employment Committee, the Appointing Authority shall offer, initially, an employment contract for a minimum period of three (03) years.

(2) The contract shall be extendable for term(s) of three (03) years, as per provisions of the offer of appointment, probation, confirmation, and performance appraisal as per relevant regulations but the contractual employee shall serve during the pleasure of the Director General.

6 Probation and Confirmation: (1) Upon acceptance of offer of appointment, the contractual employee, from the date of joining, shall be on probation for three (3) months, which may be extended for another period of three (3) months.

(2) Confirmation of employment contract shall be subject to successful completion of probation period and satisfactory performance as per Punjab Enforcement and Regulatory Authority (Performance Appraisal) (Amended) Regulations, 2025 and verification of requisite educational degrees from the Higher Education Commission of Pakistan along with requisite experience certificate(s).

7 Resignation: - (1) An employee may resign from service by giving one month's notice in writing to the Director General or deposit one month's pay in lieu thereof and acceptance of resignation shall be subject to clearance of all dues and obligations, including handover of official assets.

(2) The Director General may waive the notice period, upon the employee's request, if special circumstances exist and are recorded in writing.

8 Termination of Service: - (1) During probation period, the Director General may cancel, withdraw, rescind, declare void ab initio, or terminate employment contract, without serving a written notice and without authorizing any salary, in case the candidate found to have obtained employment on the basis of fake, forged, or bogus document(s) or false and misleading statements or through provision of fraudulent information about his education, experience, and / or required competencies for the post, in terms of any of the relevant clauses of the offer of appointment.

(2) Upon completion of probationary period, the Director General may cancel, withdraw, rescind, declare void ab initio, or terminate employment contract, after issuing three (03) warning letters on account of inefficiency, followed by one (01) month's written notice, in terms of Punjab Enforcement and Regulatory Authority (Efficiency & Discipline) Regulations, 2025, as amended from time to time.

8 Terms and Conditions of Contractual Employment: - (1) Any special terms and conditions incorporated in the employment contract shall be deemed to have been issued under these regulations if the nature of employment requires such special terms and conditions of service.

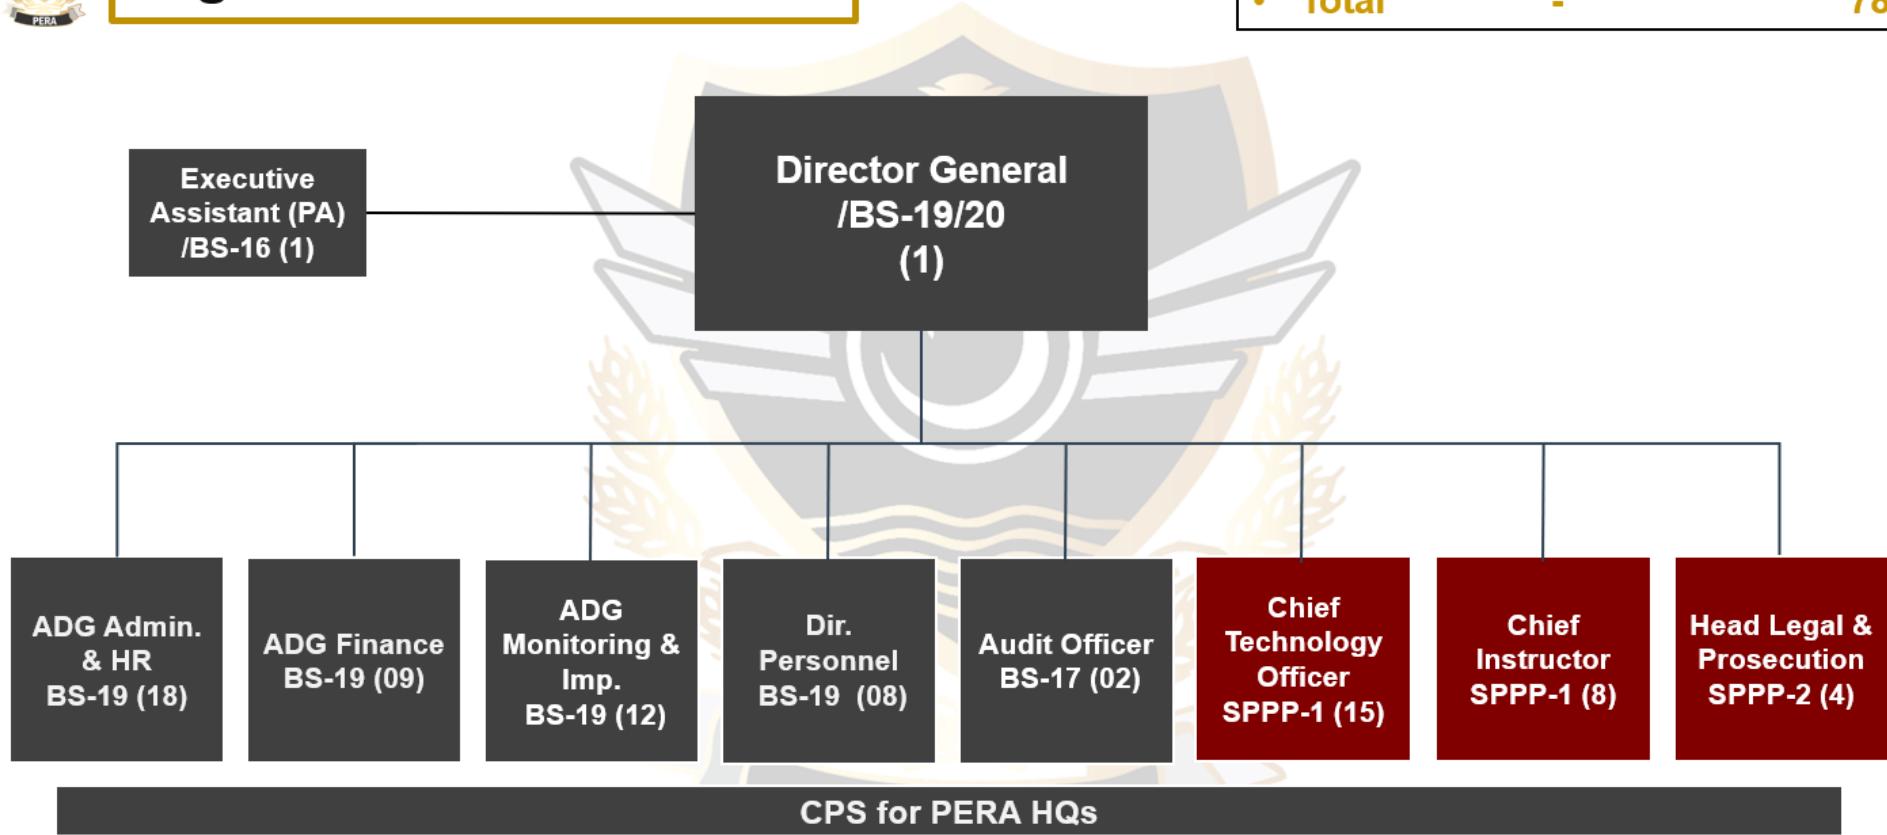

(2) Any gaps may be supplemented by general guidelines issued by the Director General, in terms of section 81 of the Act.

9 Repeal: - The Punjab Enforcement and Regulatory Authority (Appointment and Conditions of Service for Contractual Employees) Regulations, 2025 are hereby repealed from the date of notification of these Regulations in the official gazette of Government of the Punjab; and no vested rights shall be affected by such repeal.

10 Savings: - All acts done, decisions made, and actions taken including appointments and contracts made under the Punjab Enforcement and Regulatory Authority (Appointment and Conditions of Service for Contractual Employees) Regulations, 2025 shall remain intact unless altered, modified, or amended.

Purpose of the Position:

To lead, supervise, and manage the Monitoring Information System (MIS) and Geographical Information System (GIS) functions of the Authority. The position ensures the development, integration, analysis, and reporting of real-time monitoring data to support operational enforcement, regulatory compliance, policy development, and strategic decision-making. The person assists the Director General regarding GIS based digital representation.

Areas of Responsibilities:

- Preparation of various Report to meet the requirements for all of the stakeholders (Chief Minister and Secretaries, Commissioners and DCOs, Project management and development team) separately.
- Design and implement data collection tools, templates, and dashboards for monitoring project progress and performance.
- Lead and manage the MIS, GIS, and Performance Monitoring directorate with full administrative, technical, and operational accountability.
- Oversee staffing, task allocation, resource management, and capacity building to ensure optimal unit performance.
- Develop administrative protocols, record-keeping procedures, and documentation standards for the directorate.
- Ensure the development, customization, and functional integrity of MIS and GIS tools for real-time data capture and spatial analysis.
- Lead quality assurance processes, including software validation, performance testing, and user acceptance evaluations.
- Supervise the secure management of all digital and manual data, ensuring integrity, accessibility, and confidentiality.
- Establish a live monitoring framework to track field enforcement activities, regulatory compliance, and operational metrics across all enforcement stations.
- Monitor data feeds, incident reports, and operational dashboards to ensure timely escalation of issues and prompt managerial interventions.
- Design and oversee data collection templates and dashboards to monitor daily, weekly, and monthly performance.
- Lead periodic and surprise audits of all enforcement stations to verify compliance with operational standards, regulatory mandates, and reporting protocols.
- Evaluate station performance based on key performance indicators (KPIs), including response times, regulatory coverage, enforcement outcomes, and resource utilization.
- Generate detailed performance audit reports with observations, gap analysis, and recommendations for performance improvement.
- Apply advanced analytical methods, statistical techniques, and logical reasoning to translate data into actionable insights.
- Utilize trend analysis, predictive modeling, and spatial intelligence to guide operational strategy, resource deployment, and risk mitigation.
- Communicate complex data findings in clear, evidence-based reports and presentations for senior management and policy-makers.
- Oversee data integrity checks, error detection, and correction of corrupted or inconsistent datasets.
- Implement data governance frameworks to ensure accuracy, completeness, and reliability of information assets.
- Lead system and process improvement initiatives to enhance data quality, operational workflows, and monitoring capabilities.
- Liaise with external stakeholders, including government officials, regulatory agencies, and development partners to align monitoring tools with legal and operational requirements.
- Prepare and submit customized reports for high-level stakeholders including the Chief Minister, Secretaries, Commissioners, and enforcement management teams.

- Ensure the Authority's reporting obligations are fulfilled with clarity, timeliness, and strategic relevance.
-
- Access to any digital or manual data available at any Enforcement station or PERA head office.
- Providing input for the development of software used for monitoring purposes.
- Using automated tools to extract data from primary and secondary sources.
- Identifying corrupted data and fixing coding errors and related problems.

Qualification and Experience:

- i MS or M.Phil. (1st Division) in Computer Science, Information Technology or Administration/Social Sciences preferably in Administration or Management from a recognized university; and
- ii 08 years' post qualification relevant experience including at least five years' experience in public sector.

OR

- i Master's degree or BS (1st Division) in Computer Science, Information Technology or Administrative/Social Sciences or from a recognized university; and
- ii 10 years' post qualification relevant experience including at least five years' experience in public sector.

Note: Experience in private entities shall be accepted if such entity is registered with SECP, Registrar of Firms or any other Regulatory Authority.

Competencies & Personal Attributes:

- Strong leadership, team building and problem-solving abilities
- Inquisitive and detailed oriented with strong analytical skills
- Excellent communication skills, i.e. written and verbal

Appointment:

Appointment shall be made by Director General on the recommendation of contractual employment committee-I.

Salary and Benefits:

SPPP-2 Pay Scale + any other benefit admissible to SPPP-2 as mentioned in Schedule-III.

Position Title: - **Manager (Monitoring)**
Report To: - **Head Monitoring (MIS & GIS)**
Wing: - **Monitoring & Implementation**

Purpose of the Position:

The Manager Monitoring is responsible for assisting in the planning, execution, and management of monitoring activities. The role focuses on ensuring effective tracking of performance indicators, data validation, field monitoring, reporting, and supporting evidence-based decision-making.

Areas of Responsibilities:

- Develop and implement monitoring frameworks to track departmental KPIs, targets, and compliance.
- Regularly assess processes, systems, and workflows to identify inefficiencies or deviations.
- Ensure data accuracy by validating reports and dashboards.
- Track project performance indicators, targets, and results as per defined log frames or KPIs
- Support data collection, verification, and analysis to ensure accuracy and reliability.
- Prepare periodic monitoring reports (monthly, quarterly, annual) with observations and recommendations
- Generate regular and ad-hoc reports for internal and external stakeholders
- Preparing final analysis reports for the stakeholders to understand the data analysis steps, enabling them to take important decisions based on various facts and trends. Reports and presentations as per requirements from time to time.
- Collect, process, and analyze spatial data to support task planning, monitoring, and evaluation
- Collaborate with IT teams to ensure the smooth functioning of MIS and GIS systems
- Develop standardized Excel and Presentation templates for recurring monitoring needs
- Ensure timely and quality data entry into project monitoring systems or dashboards
- Generate analytical reports, summaries, and presentations for internal and external stakeholders
- Highlight potential risks, delays, or deviations through monitoring findings
- Liaise with relevant departments for the timely resolution of issues identified during monitoring
- Support planning and coordination of review meetings and performance evaluations
- Provide training and orientation on M&E tools and reporting formats to field staff or partners
- Build capacity of teams in monitoring practices, indicator tracking, and results-based reporting
- Ensure compliance with organizational policies, and government regulations
- Recommend improvements in program design or delivery based on monitoring insights
- Ensure documentation and archiving of monitoring data, reports, and evidence
- Preparing reports for the management stating trends, patterns, and predictions using relevant data
- Assess the effectiveness and accuracy of new data sources and data gathering techniques

Qualification and Experience:

- iv Bachelor's degree (Hons) in IT, Computer Sciences, GIS, Social, Administrative or Management Sciences any or any relevant / similar degree from a recognized university; and
- v Minimum of 05 years of experience in experience in Monitoring & Evaluation, management, administration, operations, or a similar role. preferably in government, or development projects.
- vi **Note:** Experience in private entities shall be accepted if such entity is registered with SECP, Registrar of Firms or any other Regulatory Authority.

Competencies & Personal Attributes:

- Proficiency in Microsoft Office Suite (Word, Excel, PowerPoint).
- Strong leadership, team building and problem-solving abilities
- Excellent communication, coordination, and interpersonal skills.
- Analytical mindset with problem-solving abilities.
- Experience with project cycle management and M&E tools.
- Understanding of logical frameworks, KPIs, and performance monitoring processes.

Appointment:

Appointment shall be made by Director General on the recommendation of contractual employment committee-I.

Salary and Benefits:

SPPP-3 Pay Scale + any other benefit admissible to SPPP-3 as mentioned in Schedule-III

Position Title: **Manager (Research & Implementation)**
Report To: **Assistant Director (Implementation)**
Wing: - **Monitoring & Implementation**

Purpose of the Position:

Manager (Research & Implementation) is responsible for ensuring compliance with PERA's regulations developed overtime and overseeing the implementation of policy, rules & regulations and to provide quality input to the systems development team based upon case studies. This role involves collaborating with cross-functional teams, managing tasks, and ensuring seamless integration and implementation of system-based solutions according to rules, regulations and policy.

Areas of Responsibilities:

- Monitor and interpret regulatory requirements relevant to the PERA's goals and objectives.
- Ensure that business processes and system-based tools comply with applicable laws and regulations.
- Conduct regular assessments to identify compliance gaps and recommend corrective actions.
- Liaise with all administrative departments and stay updated on changes in their laws & regulations.
- Lead the implementation of system-based solutions to meet regulatory and business needs.
- Collaborate with IT wing to ensure successful deployment of software systems.
- Develop and execute project plans, including timelines, milestones, and resource allocation.
- Manage end-to-end implementation tasks, ensuring they are delivered on time and within budget.
- Coordinate with internal and external stakeholders to gather requirements and define project scope.
- Track assigned tasks progress, identify risks, do SWOT analysis, and implement mitigation strategies.
- Provide regular updates to senior management on implementation status and outcomes.
- Develop training programs and materials to educate employees on new systems and regulatory requirements.
- Provide ongoing support to users and address any issues related to system functionality or compliance.
- Identify opportunities to streamline processes and improve efficiency.
- Work with teams to implement best practices and ensure continuous improvement.
- Prepare and maintain documentation related to regulatory compliance and implementation.
- Generate reports for management and regulatory authorities as required.

Qualification and Experience:

- i Bachelor's (Hons) or Master's degree (16-years education), preferably in Computer Science, IT, Administration, Economics, or other Social Sciences with adequate IT knowledge.
- ii Minimum 5-year experience in the relevant field.

Competencies & Personal Attributes:

- Proficiency in Microsoft Office Suite (Word, Excel, PowerPoint).
- Strong understanding of regulatory frameworks and compliance requirements.
- Excellent communication and interpersonal skills.
- Analytical mindset with problem-solving abilities.
- Familiarity with policy making and implementation process.

Appointment:

Appointment shall be made by the Director General PERA on the recommendations of the Contractual Employment Committee.

Salary and Benefits:

SPPP-3 + any other benefit admissible to SPPP-3 as mentioned in Schedule-III

Position Title: - **Business Analyst**
Report To: - **Manager Monitoring (MIS & GIS)**
Wing: - **Monitoring & Implementation**

Purpose of the Position:

The Business Analyst is responsible for tracking organizational performance metrics, analyzing operational data, and generating insights to drive continuous improvement. This role serves as a bridge between raw data and strategic decision-making by developing monitoring frameworks, dashboards, and performance reports.

Areas of Responsibilities:

- Design and maintain KPIs/dashboards for tracking business objectives
- Implement data collection systems and quality assurance processes
- Produce periodic performance reports (weekly/monthly/quarterly)
- Conduct variance analysis against targets and benchmarks
- Transform operational data into actionable business intelligence
- Identify trends, anomalies, and improvement opportunities
- Develop predictive models for performance forecasting
- Prepare visualizations (PowerPoint/Power BI/Tableau) for stakeholder presentations
- Collaborate with departments & field offices to establish monitoring requirements and reports
- Present findings to management with clear recommendations
- Facilitate performance review meetings before performance appraisal
- Train staff on data collection and data representation protocols
- Maintain monitoring software/tools (ERP, CRM, custom systems)
- Ensure data integrity across source systems and automate reporting processes where possible
- Knowledge of preparing requirement specification documents and flowcharts.
- Collecting, organizing, and storing information (soft and hard form).
- Ability to plan for and keep track of multiple projects/tasks and deadlines.

Qualification and Experience:

- i Bachelor's degree (Hons) in IT, Computer Science, Business Administration, Data Science, Statistics or Software Engineering or any other relevant / similar degree from an HEC recognized University; and
- ii 3 years' post qualification experience in the relevant field including at least one years' experience in public sector.

Note: Experience in private entities shall be accepted if such entity is registered with SECP, Registrar of Firms or any other Public Sector Regulatory Authority.

Competencies & Personal Attributes:

- Interpersonal skills.
- Analytical skills.
- Presentation skills.
- Proficiency in MS Office.
- Oral and written skills

Appointment:

Appointment shall be made by Director General on the recommendations of the Contractual Employment Committee.

Salary and Benefits:

SPPP-4 + any other benefit admissible to SPPP-4 as mentioned in Schedule-III

Position Title: - Assistant Manager (Monitoring)

Report To: - Manager Monitoring (MIS & GIS)

Wing: - Monitoring & Implementation

Purpose of the Position:

The Assistant Manager Monitoring is responsible for managing and maintaining Management Information Systems (MIS) and Geographic Information Systems (GIS) to support data collection, analysis, and reporting for projects or organizational operations.

Areas of Responsibilities:

- Design and implement data collection tools, templates, and dashboards for monitoring project progress and performance.
- Generate regular and ad-hoc reports for internal and external stakeholders.
- Collect, process, and analyze spatial data to support assignment planning, monitoring, and evaluation.
- Develop maps, spatial models, and visualizations to support decision-making and reporting
- Support the development of monitoring frameworks, indicators, and data collection methodologies.
- Work closely with project teams, partners, and stakeholders to ensure alignment of MIS and GIS activities with project goals
- Collaborate with IT teams to ensure the smooth functioning of MIS and GIS systems.
- Filter Data by reviewing reports and performance indicators to identify and correct code problems
- Preparing reports for the management stating trends, patterns, and predictions using relevant data
- Preparing final GIS based analysis reports for the stakeholders to understand the data analysis steps, enabling them to take important decisions based on various facts and trends. Reports and presentations as per requirements from time to time.
- Coordinate with different functional teams to implement models and monitor outcomes.
- Develop processes and tools to monitor and analyze model performance and data accuracy.
- Assess the effectiveness and accuracy of new data sources and data gathering techniques

Qualification and Experience:

- i Bachelor's degree (Hons) in IT, Computer Science, GIS, Administrative or Management Sciences or any other relevant / similar degree from an HEC recognized University; and
- ii 3 years' post qualification experience in the relevant field including at least one years' experience in public sector.

Note: Experience in private entities shall be accepted if such entity is registered with SECP, Registrar of Firms or any other Public Sector Regulatory Authority.

Competencies & Personal Attributes:

- GIS based on Analytical skills.
- Data Presentation skills.
- Proficiency in MS Office is mandatory.

Appointment:

Appointment shall be made by Director General on the recommendations of the Contractual Employment Committee.

Salary and Benefits:

SPPP-5 + any other benefit admissible to SPPP-5 as mentioned in Schedule-III

Position Title: - Assistant Manager (GIS)

Report To: - Manager Monitoring (MIS & GIS)

Wing: - Monitoring & Implementation

Purpose of the Position:

Assistant Manager GIS is responsible for data management and dispersion of reports by analyzing and displaying geographically referenced information.

Areas of Responsibilities:

- Detailed Analysis of data coming from various sources
- Preparation of various tabulation and graphical plans meeting the requirements for all of the stakeholders (Chief Minister and Secretaries, Commissioners and DCOs, Project management and development team) separately
- Filter Data by reviewing reports and performance indicators to identify and correct code problems
- Preparing reports for the management stating trends, patterns, and predictions using relevant data
- Working with programmers, engineers, and management heads to identify process improvement opportunities, propose system modifications, and devise data governance strategies
- Preparing final GIS based analysis reports for the stakeholders to understand the data analysis steps, enabling them to take important decisions based on various facts and trends. Reports and presentations as per requirements from time to time
- Coordinate with different functional teams to implement models and monitor outcomes.
- Assess the effectiveness and accuracy of new data sources and data gathering techniques
- Produce thematic maps for monitoring reports and dashboards
- Create interactive web maps and story maps for stakeholder engagement
- Develop standardized map templates for recurring monitoring needs
- Support 3D modeling and spatial analysis as required
- Develop processes and tools to monitor and analyze model performance and data accuracy

Qualification and Experience:

- i Bachelor's degree (Hons) in IT, Computer Science, GIS or Software Engineering or any other relevant / similar degree from a recognized university; and
- ii 3 years' post qualification experience in the relevant field including at least one years' experience in public sector.

Note: Experience in private entities shall be accepted if such entity is registered with SECP, Registrar of Firms or any other Public Sector Regulatory Authority.

Competencies & Personal Attributes:

- Interpersonal skills.
- GIS based Analytical skills.
- Data Presentation skills.
- Proficiency in MS Office.
- Problem solving Skills.
- Oral and written skills

Appointment:

Appointment shall be made by Director General on the recommendations of the Contractual Employment Committee.

Salary and Benefits:

SPPP-5 + any other benefit admissible to SPPP-5 as mentioned in Schedule-III

Position Title:	Assistant Manager (Research & Implementation)
Report To:	Manager (Research & Implementation)
Wing: -	Monitoring & Implementation

Purpose of the Position:

Assistant Manager (Research & Implementation) is responsible for assisting the Manager (Research & Implementation) in ensuring compliance with PERA's regulations developed overtime and overseeing the implementation of policy, rules & regulations and system-based solutions. This role requires collaborating with cross-functional teams, managing tasks, and ensuring seamless integration and implementation of system-based solutions and policy matters.

Areas of Responsibilities:

- Conduct regular assessments to identify compliance gaps and recommend corrective actions.
- Liaise with all administrative departments through senior management and get updates on changes in their laws & regulations.
- Collaborate with IT wing and update the Manager (Research & Implementation) in order to ensure successful deployment of software systems and removal of bugs.
- Develop project plans, including timelines, milestones, and resource allocation for effective execution.
- Conduct testing and validation of software systems to ensure functionality and compliance.
- Get updates and keep posted the higher management about end-to-end implementation tasks, ensuring they are delivered on time and within budget.
- Coordinate with internal and external stakeholders to gather requirements and define project scope.
- Track assigned tasks progress, identify risks, do SWOT analysis, and suggest mitigation strategies.
- Provide regular updates to senior management on implementation status and outcomes.
- Develop specific training programs / modules / refresher courses and materials to educate employees on systems and regulatory requirements.
- Provide ongoing support to users and address any issues related to software functionality or compliance.
- Work with teams to implement best practices and ensure continuous improvement.
- Prepare and maintain documentation related to regulatory compliance and software implementation.
- Generate reports for management and regulatory authorities as required.

Qualification and Experience:

- i Bachelor's (Hons) or Master's degree in Computer Science, Information Technology, Administration, Management, Economics, Social Sciences or any related field.
- ii Minimum 3-year experience in the relevant field including at least one years' experience in public sector.

Note: Experience in private entities shall be accepted if such entity is registered with SECP, Registrar of Firms or any other Public Sector Regulatory Authority.

Competencies & Personal Attributes:

- Proficiency in Microsoft Office Suite (Word, Excel, PowerPoint).
- Strong understanding of regulatory frameworks and compliance requirements.
- Excellent communication and interpersonal skills.
- Analytical mindset with problem-solving abilities.
- Familiarity with policy process and its approval process.

Appointment:

Appointment shall be made by the Director General PERA on the recommendations of the Contractual Employment Committee.

Salary and Benefits:

SPPP-5 + any other benefit admissible to SPPP-5 as mentioned in Schedule-III

Position Title: - **Chief Instructor**
Report To: - **Director General**
Wing: - **Training**

Purpose of the Position:

The Chief Instructor is responsible for overseeing and directing all aspects of training for enforcement station officers. This role is pivotal in ensuring that the officers are adequately trained, prepared, and equipped to meet operational and strategic objectives.

Areas of Responsibilities:

- Develop and implement training policies and strategies in alignment with the overall objectives of the PERA.
- Ensure that training programs are consistent with PERA policies and operational requirements.
- Supervise and coordinate the functioning of all training academies, schools, and centers.
- Conduct periodic inspections and audits of training establishments to assess their effectiveness and compliance with standards.
- Allocate and manage resources (financial, human, and material) for training programs and institutions.
- Oversee the procurement and maintenance of training equipment, simulators, and infrastructure.
- Design training curricula for various stages of physical and theoretical training.
- Ensure that training programs are tailored to meet the needs of different branches and specialties within the PERA authority.
- Work closely with allied partners to facilitate joint training exercises and exchange programs.
- Liaise with civilian educational institutions and research organizations to enhance training methodologies and incorporate best practices.
- Establish mechanisms for monitoring and evaluating the effectiveness of training programs.
- Analyze feedback from trainees, instructors, and operational units to identify areas for improvement.
- Conduct after-action reviews (AARs) of training exercises to assess outcomes and implement corrective measures.
- Encourage innovation in training methodologies and to stay abreast of global trends in forces training and incorporate relevant advancements into PERA training frameworks.
- Oversee the development of contingency training modules to prepare personnel for emerging threats and challenges.
- Ensure accountability and transparency in the utilization of training resources and the achievement of training objectives.

Qualification and Experience:

- i Masters or Bachelors (Hons) degree in any discipline from an HEC recognized Institution.
- ii 10 years' post qualification experience in Armed Forces, Police or any other Law Enforcement Agency.

Competencies & Personal Attributes:

- Training & Instructional Expertise.
- Operational & Tactical Knowledge.
- Resource & Organizational Management.
- Interagency & International Coordination.
- Crisis & Adaptive Decision-Making

Appointment:

Appointment shall be made by the Director General on the recommendations of the Contractual Employment Committee.

Salary and Benefits:

SPPP-1 + any other benefit admissible to SPPP-1 as mentioned in Schedule-III

Position Title: - **Senior Manager (Training & Admin)**

Report To: - **Chief Instructor**

Wing: - **Training**

Purpose of the Position:

The Senior Manager (Training & Admin) is responsible for overseeing and directing all aspects of training for enforcement station officers and HQ employees. This role is pivotal in ensuring that the officers are adequately trained, prepared, and equipped to meet operational and strategic objectives.

Areas of Responsibilities:

- Ensure that training programs are consistent with PERA policies and operational requirements.
- Supervise and coordinate the functioning of all training academies, schools, and centers.
- Ensure that training institutions maintain high standards of excellence in delivering training programs.
- Organize & supervise physical training (PT), weapon drills, tactical exercises, and field maneuvers.
- Conduct periodic inspections and audits of training establishments to assess their effectiveness and compliance with standards.
- Oversee the procurement and maintenance of training equipment, simulators, and infrastructure.
- Design and approve training curricula for various stages of physical and theoretical training (basic, advanced, and specialized).
- Ensure that training programs are tailored to meet the needs of different branches and specialties within the PERA authority.
- Execute periodic trainings and revision courses for PERA HQ employees.
- Work closely with allied partners to facilitate joint training exercises and exchange programs.
- Establish mechanisms for monitoring and evaluating the effectiveness of training programs.
- Analyze feedback from trainees, instructors, and operational units to identify areas for improvement.
- Conduct after-action reviews (AARs) of training exercises to assess outcomes and implement corrective measures.
- Encourage innovation in training methodologies to enhance the effectiveness and efficiency of training programs.
- Stay abreast of global trends in forces training and incorporate relevant advancements into PERA training frameworks.
- Ensure that training programs include scenarios for crisis management, disaster response, and unconventional warfare.

Qualification and Experience:

- i Masters or Bachelors (Hons) degree in any discipline for an HEC recognized University.
- ii 8 years' post qualification experience in either the Armed Forces, Police, any other Law Enforcement Agency or an academic institution at the university level.

Competencies & Personal Attributes:

- Training & Instructional Expertise.
- Operational & Tactical Knowledge.
- Resource & Organizational Management.
- Crisis & Adaptive Decision-Making
- Communication & Interpersonal Skills.

Appointment:

Appointment shall be made by Director General on the recommendations of the Contractual Employment Committee.

Salary and Benefits:

SPPP-2 + any other benefit admissible to SPPP-2 as mentioned in Schedule-III

Position Title: - **Senior Manager (Academics)**

Report To: - **Chief Instructor**

Wing: - **Training**

Purpose of the Position:

The Senior Manager (Academics) is responsible for overseeing and directing all aspects of training for PERA. This role is pivotal in ensuring that the officers are adequately trained, prepared, and equipped to meet operational and strategic objectives.

Areas of Responsibilities:

- Develop annual/monthly training schedules in line with PERA's objectives.
- Develop and update training modules, lesson plans, and courseware in line with modern organizational, technological, warfare and legal trends.
- Develop, devise and design periodic training modules and skill upgradation courses for PERA HQ employees.
- Supervise and coordinate the functioning of all training academies, schools, and centers.
- Coordinate and work with PERA Monitoring and Implementation wing to supervise research pertinent to PERA and its operations.
- Lead, supervise and design occasional research projects to enhance PERA operations and efficacy.
- Ensure that training institutions maintain high standards of excellence in delivering training programs.
- Conduct tests, drills, and after-action reviews (AARs) to assess trainee performance.
- Maintain training records, reports, and performance databases.
- Recommend remedial training for underperforming soldiers/officers and employees.
- Oversee the procurement and maintenance of training equipment, simulators, and infrastructure.
- Ensure availability of training aids, ammunition, simulators, and field equipment.
- Ensure that training programs are tailored to meet the needs of different branches and specialties within the PERA authority.
- Ensure compliance with international laws of armed conflict (LOAC) and human rights standards.
- Work closely with allied partners to facilitate joint training exercises and exchange programs.
- Establish mechanisms for monitoring and evaluating the effectiveness of training programs.
- Analyze feedback from trainees, instructors, and operational units to identify areas for improvement.
- Ensure that training programs include scenarios for crisis management, disaster response, and unconventional warfare.
- Report to the senior instructor on the status of training programs and initiatives.
- Ensure accountability and transparency in the utilization of training resources and the achievement of training objectives.

Qualification and Experience:

- i Masters or Bachelors (Hons) degree in any discipline from an HEC recognized University.
- ii 8 years' post qualification experience as an instructor in a training/academic institution.

Competencies & Personal Attributes:

- Training & Instructional Expertise.
- Operational & Tactical Knowledge.
- Crisis & Adaptive Decision-Making

Appointment:

Appointment shall be made by Director General on the recommendations of the Contractual Employment Committee.

Salary and Benefits:

SPPP-2 + any other benefit admissible to SPPP-2 as mentioned in Schedule-III

Position Title: - **Deputy Manager (Training)**
Report To: - **Senior Manager (Training & Admin)**
Wing: - **Training**

Purpose of the Position:

The Deputy Manager (Training) is responsible for planning, coordinating, and overseeing training and professional development programs for PERA. This role ensures that training programs align with legal standards, operational requirements, and agency goals. The coordinator acts as a liaison between instructors, officers, and management to deliver effective, compliant, and updated training.

Areas of Responsibilities:

- Develop Standard Operating Procedures (SOPs) for training activities.
- Ensure training programs comply with law enforcement standards, human rights regulations, and internal policies.
- Oversee live-fire exercises, battle inoculation, and simulation-based training.
- Track attendance, performance, and certification records.
- Conduct post-training evaluations to assess effectiveness and improve future programs.
- Maintain training databases and documentation.
- Prepare regular reports for senior leadership on training progress, gaps, and recommendations.
- Assist in drafting training budgets and monitoring expenditures.
- Ensure that training programs are consistent with PERA policies and operational requirements.
- Supervise and coordinate the functioning of all training academies, schools, and centers.
- Ensure that training institutions maintain high standards of excellence in delivering training programs.
- Conduct periodic inspections and audits of training establishments to assess their effectiveness and compliance with standards.
- Ensure that training programs are tailored to meet the needs of different branches and specialties within the PERA authority.
- Work closely with allied partners to facilitate joint training exercises and exchange programs.
- Analyze feedback from trainees, instructors, and operational units to identify areas for improvement.
- Conduct after-action reviews (AARs) of training exercises to assess outcomes and implement corrective measures.
- Encourage innovation in training methodologies to enhance the effectiveness and efficiency of training programs.

Qualification and Experience:

- i Masters or Bachelors (Hons) degree in any discipline from an HEC recognized University.
- ii 5 years' post qualification experience of Armed Forces, Police or any other Law Enforcement Agency.

Competencies & Personal Attributes:

- Training & Instructional Expertise.
- Operational & Tactical Knowledge.
- Crisis & Adaptive Decision-Making
- Communication & Interpersonal Skills.

Appointment:

Appointment shall be made by Director General on the recommendations of the Contractual Employment Committee.

Salary and Benefits:

SPPP-4 + any other benefit admissible to SPPP-4 as mentioned in Schedule-III

Position Title: - **Deputy Manager (Academics)**

Report To: - **Senior Manager (Academics)**

Wing: - **Training**

Purpose of the Position:

The Deputy Manager (Academics) is responsible for overseeing the academic operations of PERA. This role includes developing and maintaining curriculum standards, coordinating faculty and courses, ensuring academic integrity, and supporting the educational development of officers, cadets, and trainees.

Areas of Responsibilities:

- Design, review, and update course content in alignment with legal frameworks, policing standards, and contemporary challenges.
- Integrate practical and theoretical modules in areas like criminal law, ethics, investigation techniques, and public administration.
- Liaise with subject matter experts, law faculty, and operational trainers to ensure curriculum relevance and effectiveness.
- Prepare and manage academic calendars, schedules, and course timetables.
- Oversee the conduct of examinations, assessments, and project evaluations.
- Ensure timely documentation of academic records, grades, and certifications.
- Coordinate teaching assignments for in-house instructors and visiting faculty.
- Organize faculty development programs and workshops to improve instructional quality.
- Facilitate collaboration with universities, research institutions, and judicial bodies.
- Monitor instructional delivery to ensure academic standards and compliance with PERA training policies.
- Conduct course evaluations and feedback sessions to improve academic outcomes.
- Compile and present academic Report to senior management and external stakeholders.
- Assist in budget preparation for academic programs and coordinate resource allocation.
- Contribute to strategic planning of new academic initiatives (e.g., diploma programs, e-learning platforms).
- Develop annual/monthly training schedules in line with PERA's objectives.
- Supervise and coordinate the functioning of all training academies, schools, and centers.
- Ensure that training institutions maintain high standards of excellence in delivering training programs.
- Conduct tests, drills, and after-action reviews (AARs) to assess trainee performance.
- Ensure availability of training aids, ammunition, simulators, and field equipment.
- Establish mechanisms for monitoring and evaluating the effectiveness of training programs.
- Report to the Chief Instructor on the status of training programs and initiatives.

Qualification and Experience:

- i Masters or Bachelors (Hons) degree in any discipline for HEC recognized University.
- ii 5 years' post qualification experience in an administrative or instructional capacity in an academic institution or research center.

Competencies & Personal Attributes:

- Training & Instructional Expertise.
- Operational & Tactical Knowledge.
- Resource & Organizational Management.
- Crisis & Adaptive Decision-Making

Appointment:

Appointment shall be made by Director General on the recommendations of the Contractual Employment Committee.

Salary and Benefits:

SPPP-4 + any other benefit admissible to SPPP-4 as mentioned in Schedule-III

Position Title: - Assistant Manager (Admin. & Logistics)

Report To: - Deputy Manager (Training & Admin)

Wing: - Training

Purpose of the Position:

The Assistant Manager (Admin & Logistics) is responsible in ensuring the smooth operation of training programs by managing administrative processes, facility logistics, and resource allocation. The employee is responsible for coordinating accommodation, transportation, supplies, and record-keeping necessary for conducting effective training of PERA personnel and employees.

Areas of Responsibilities:

- Maintain personnel records of trainees, instructors, and visiting faculty.
- Prepare official correspondence, reports, memos, and documentation related to training events.
- Facilitate onboarding, registration, and attendance tracking of training participants.
- Coordinate meetings, workshops, and briefings for training staff and external partners.
- Arrange logistics for training sessions, including venue setup, transport, and audio-visual aids.
- Manage inventory including availability of training materials, uniforms, stationary, and field equipment.
- Oversee facility readiness, including classrooms, simulation rooms, barracks, mess halls, and parade grounds.
- Track usage and condition of training-related assets (vehicles, furniture, tools, ICT equipment).
- Initiate procurement requests for logistics and training supplies in coordination with procurement and finance teams.
- Maintain updated logs for issued items and ensure proper storage and maintenance.
- Liaise with internal departments (e.g., HR, Finance, Security) and external vendors to fulfill operational needs.
- Ensure compliance with administrative and logistical protocols established by the agency.
- Support emergency response readiness for health, safety, and critical incidents during training programs.
- Compile daily, weekly, and monthly reports on logistics, maintenance, and trainee needs.
- Maintain audit-ready records of procurement, material issuance, and administrative actions.
- Document post-training evaluations and logistical feedback to improve future planning.
- Management of POL of Official Vehicles and Officials.

Qualification and Experience:

- i BS/BSc/Master's degree in Business Administration, Management Sciences, Logistics, Supply Chain Management or equivalent (16 years' education) from an HEC recognized University; and
- ii 2 years' post qualification experience in relevant field.

Competencies & Personal Attributes:

- Training & Instructional Expertise.
- Operational & Tactical Knowledge.
- Crisis & Adaptive Decision-Making
- Communication & Interpersonal Skills.

Appointment:

Appointment shall be made by Director General on the recommendations of the Contractual Employment Committee.

Salary and Benefits:

SPPP-5 + any other benefit admissible to SPPP-5 as mentioned in Schedule-III

Position Title: - **Assistant Manager (IT & LMS)**

Report To: - **Deputy Manager (Academics)**

Wing: - **Training**

Purpose of the Position:

The Assistant Manager (IT & LMS) is responsible for managing the digital infrastructure and e-learning ecosystem of PERA's training station. This includes overseeing the deployment, maintenance, and optimization of Learning Management Systems (LMS), managing digital classrooms, ensuring cybersecurity, and supporting both faculty and trainees with IT-enabled academic tools.

Areas of Responsibilities:

- Configure, maintain, and update the LMS platform (e.g., Moodle, Google Classroom, or a custom solution).
- Upload course content, manage user accounts (faculty and trainees), and ensure proper access control and data backups.
- Monitor LMS performance, troubleshoot issues, and coordinate with technical support or vendors.
